Behind the desks in Room 23 sit silent students, frozen in place as they watch a diminutive, well-dressed woman scribbling formulas and theorems on the blackboard. Right before the bell rings she reassures them once again not to go out on a late date Friday night before the SATs. They file noisily out of the classroom, glad to have the intellectual tension relieved but also aware of a deeper understanding of math.

As we seniors look back at our years in that "infamous" classroom, we realize how much that energetic, kind teacher has meant to us. Leading us through algebra, pre-cal, and calculus, she instilled in us a solid base in math which we will need as we pursue our careers.

But more importantly, she devoted to us endless free periods, Friday recesses, and clubs; she was always willing to spend as much time as needed to explain the little — and big — complexities of numbers, figures, and functions. She constantly thought about us, keeping an eye open for extra-curricular math and science activities. She brought these into the classroom, hoping many girls would enter and all would be challenged and interested.

As new and younger students watched the legendary departmental head run across the circle to give out another of those famous tests, we could only remember with a smile the time she proclaimed the "beautiffulness of the derivative and integral" or wistfully said, "If only I could have another five minutes. . . ."

As she leaves Castilleja after twenty-three wonderful years, we — and how very many others — will carry memories of this warm, genuine woman who was always encouraging, who successfully mixed humor with math, and who devoted all of her time to helping students understand, eventually admire, and love mathematics.

We, the class of 1986, dedicate this yearbook to the

and irreplaceable

Mrs. Hsu

Dear Mrs. Block,

You are more than an administrator; you are a friend who has supported and encouraged us through adventures and mishaps. With your help we have learned that friendship and sincerity are key ingredients in our future successes.

As a strong, independent woman with the courage to succeed on her own, you have set us an example.

We shall always remember your patience in the bookstore during the most hectic days and your cheerful greeting when we check in for lunch. You welcome us when we stop by to admire your collection of mugs and smile openly when we address you as "M.J."

But, most importantly, you have taught us that no matter where we go or what we do, sincerity coupled with a warm smile will help us get what we want. And we thank you, Mrs. Block, for teaching us without giving us homework.

With love,
The Class of 1986.

Need a lift?

This year Castilleja and our brother school, Woodside Priory, decided to do something original for exchange day. The two executive committees came together and thought up the idea of holding the Extra-Special Olympics at Woodside Priory. The day was a great success. Each participant, including faculty members, was randomly placed in color-coded groups: the Red team, the Green team, the Orange team, the Yellow team, and the Black team. For the first half of the day, the groups met separately and got to know each other better. After lunch the opening ceremony started off what was to be an interesting competition. At the end of the games the orange team came out victorious, but as one of the leaders said, "We all had fun and therefore we're all winners."

Are we having fun yet?

Caught you!

In Appreciation . . .

The 1986 Paintbrush staff would like to thank you, Mr. Westmoreland, for your fifteen years of leadership here at Castilleja.

The most tangible impressions of your caring tenure are, of course, the buildings that have enhanced our performances in sports and the arts and have made our campus a place to be proud of.

Even more, though, we appreciate your contributions to our academic life in the hiring of a dedicated faculty and to our non-academic life in inaugurating the class retreats (which recognized our need to get away and be hyper through water balloon fights at Asilomar, marathon Dorito and M & M orgies among the ticks and poison oak at Marin Headlands and the planning of elegant banquets at Point Bonita), supporting exchange days and talent shows with Priory so that we could observe boys in their natural habitat, and encouraging us with your frequent presence at games, plays, swim meets, concerts, and dance shows.

Equally important has been the way you let us see your informal side — appearing in your famous Duke T-shirt, baseball cap and shorts to walk your dog or take part in the jogathon, sharing dorm dinners, cutting an impressive figure in the fashion show, flashing your “blue-devil” grin at the very real possibility of your favorite basketball team being number one in the U.S.

You have been an important part of our years at Castilleja, and we wish you the best as, together, we face the challenges of the outside world.

SEVENTH

alias: The Rookies

Our new seventh grade clan started off this year not knowing what to think, but this warm Castilleja Community helped us to feel welcome. We've had three successful dances and our seventh grade retreat, which brought our class close. We give a lot of credit to the teachers who have inspired and supported us along the way. Our class will be remembered as enthusiastic and high spirited, and we are all looking forward to the next five years together.

alias: The Escapees

The Class of 1990 has been enjoying its days at the top of the Middle School, selling candybars and making money for our graduation. On June 3 we will escape from this institution for the summer, and only some of us will be recaptured and put in the Big House — Upper School. To those of us who will remain at large, we'll miss you. FRESHMEN

alias: Juvenile Delinquents

Freshmen are in that in-between stage: not quite at home in the Upper School, but definitely out of place in the Middle School. Perhaps that explains their intriguing behavior. The Class of 1989 can usually be found denying uniform violations, lounging around the Goode Court, or snatching free food items from bakesales. Next year, however, these JD's will have better things to do as academics begin to take over their now carefree lives.

SOPHOMORES

What's so special about being a sophomore? Well, we're not the youngest and we're not the oldest. Is it Mrs. McKee's C.E.E.C., Jane Austen's **Pride and Prejudice**, Mr. Dirks' assigned seating in chapel, and the DMV's bright orange permits that make us truly in 10th grade? Or Could it be our fantastic retreat, incredible school spirit, class unity, and supportive grade chairman, Mrs. Glenn? It's everything we do that makes us unique! JUNIORS

alias: The Racketeers

Through the long months of Castilleja, the junior class has matured from carefree poncho venders to small business entrepreneurs. The year was a profitable one as we, with our fingers on the pulse of the Middle School wants and needs, expanded our licorice repertoire to Tootsie Pops, Ding Dongs, and Twinkies. Best of all, the junior class has created memories that we will never forget; the arrival of four new students to our junior clan, helping others in the community with the Ecumenical Hunger program at Thanksgiving and X-mas and assistance to the shelter for battered women, but most importantly working together to give new meaning to the word "class."

Amnesty International is an independent worldwide movement working for the international protection of human rights. Every week our group meets to write letters asking for the release and humane treatment of men, women, and children who are "prisoners of conscience," or people who have expressed their political or religious beliefs non-violently or who are imprisoned because of their color, ethnic origin or sex. In the past year we wrote to Southeast Asia, Latin America, North Africa and Cyprus.

The sports program at Castilleja has been outstanding this year. Fall sports had a turnout of 144 girls trying for spots on the teams. J.V. swimming team won the league by being undefeated while Varsity lost only one meet, putting them into second place. In Track Castilleja qualified for regionals and in Tennis both J.V. and Varsity won the league and qualified for C.C.S. Volleyball's J.V. team also was impressive as they went to the league playoffs. Castilleja's winter and spring sports also performed well, showing the impressive talent of the Castilleja sports program. Congratulations are in order to everyone who participated, making this year in Castilleja sports one to be remembered.

DORM

alias: Cell Block C

At times they may complain about roomcheck or rules, but under torture most boarders will admit that they like the dorm. Whether it is the friendships we develop with our cellmates or the availability of other people's clothes that keeps us going week after week, we will never know, but if you are looking for solitary confinement, you will not find it here. There is always a friend right down the hall.

SENIORS

alias: The Ring Leaders

The Class of 1986 will forever be known as the most original group of pranksters in Castilleja history. It began when we entered as freshmen with our completely unsupervised sleep-over in the Senior Lounge and energetic cheers on the circle. As sophomores we left our mark in the form of orange thread around every doorknob in the school, not to mention around a few other things. We baffled the Class of '85 with our clues and escapades during our first rivalry and topped it off with a stunning banquet. And in our last months at Castilleja we soaked the student body with water balloons and embarrassed the Juniors with our overwhelming victories during Rivalry '86. The Class of 1986 has led the school to new heights and will be a tough act to follow.

When you're down and troubled
And you need some love and care,
And nothing — nothing is going right.
Close your eyes and think of me
And soon I will be there
To brighten up even your darkest night.

If the sky above you
Grows dark and full of clouds,
And that old north wind begins to blow.
Keep your head together
And call my name out loud.
Soon you'll hear me knocking at your door.

Ain't it good to know that you've got a friend,
When people can be so cold?
They'll hurt you, yes, and desert you
And take your soul away if you let them.
Oh, but don't you let them.

You just call out my name
And you know wherever I am
I'll come running to see you again.
Winter, Spring, Summer or Fall,
All you have to do is call
And I'll be there, yes, I will.
You've got a friend ...
— Carole King

To laugh often and much; to win the respect of intelligent people and the affection of children; to earn the appreciation of honest critics and endure the betrayal of false friends; to appreciate beauty; to find the best in others; to leave the world a bit better whether by a healthy child, a garden patch, or a redeemed social condition; to know even one life has breathed easier because you lived. This is to have succeeded.

I was a fantastic student until ten,
And then my mind began to wander.

The years have flown by so quickly,
Leaving me with special memories
That will always hold a warm spot in
My heart. Thank you to all the people
Who have created these memories.
And especially thank you, Mom and
Dad for the never-ending love, support,
And generosity. I love you all!!!

You never really leave the people you love;
Part of them you take with you,
Leaving part of you behind.

I wish I could write down every quote, every story, every ridiculous thing we've ever done but I've only got so much room. Who would ever believe things like walking around T & C with long underwear on our heads, quacking like ducks, painting at Liza's house, hiding on cow hill, convertible rabbits at 4 a.m. and dreamgirls in Maine. No one would, we were insane, but as Goethe said, "We do not have to visit a madhouse to find disordered minds; our planet is the mental institution of the universe." — and he said that before anyone had even heard of us. And even though high school is over I will never forget it or you. I can't begin to tell you how much I love you all and how hard it is to leave you, but it is time to start over.

And though these are our saddest days
They're still the best in many ways
It hurts to say goodbye to you
But now it's time to start anew.

Love always,
Niki

At this point I'm at a loss for words. How do you tell your friends that you'll never forget them, that they've become a part of you that will never be lost. How do you tell your family that without their love, support and concern you would have never made it. How do you say goodbye? Let's not, let's say "when will we meet again?" I love you all.

"Stay Gold"

Dana Smith
Atherton, CA

How can I just let you walk away, just let you leave without a trace?
When I stand here taking every breath with you; You're the only one who really knew me at all.
How can you just walk away from me, when all I can do is watch you leave?
Cause we shared the laughter and the pain, and even shared the tears
You're the only one who really knew me at all.
So take a look at me now. Well there's just an empty space.
And there's nothing left here to remind me, just the memory of your faces.
So take a look at me now, cause I'm still standing here.
And to wait for you is all I can do and that's what I've got to face. I wish I could just make you turn around, turn around and see me cry.
There's so much I need to say to you; so many reasons why.
You're the only ones who really knew me at all. Take a look at me now.

Alice Chang - 我們的+女兒

她今年17歲在她將高中畢業.寫下一些話.這十七年來我們做父母的花在她的時間和精神比她的兩位姐姐, Lisa 和 Chris 也畢業於 Castilleja school 要多好幾倍.她生下就像個可愛的洋娃娃.聰明活潑又善解人意.沒有人不喜歡她.甚至鄰居長大.認她做乾女兒.姐姐同學 Lucy Kim 認她做乾妹妹.

到了她三,四歲的時候.她細白的皮膚有過敏的現象.不能吃海鮮.因此我們當心照顧她.到了六歲那年.我們全家移民到美國來.她開始進小學讀書.英文一點都不會.於是她上學非常緊張.好強而愛好的她聽不懂老師講話很不是味道.因此發生了劇烈心跳的病.皮膚過敏的現象倒不再有了.據醫生說聰明的孩子才会有此敏感的現象.幸好心臟本身正常.只要不讓她疲勞和緊張或感冒發育後會好.因此不參加學校各種劇烈運動.請老師到家教鋼琴和補習功課.她進步很快.鋼琴也有音感可惜興趣不濃.練習的時間都被看電視時間佔去.所以懂的很多.也很容易跟朋友相處.也聽她帶領.她的 Cousins 對她的話像聖旨所以找發覺很有領導能力.

進入 Castilleja school 後.她的智慧更成長.也變的很成熟也細心.分析能力很強.有價值觀.榮譽感.責任心.更知上進.我們很多事聽她的意見效果很好.在學校三年來做了不少的領導人物.她是家中最+卻沒被寵壞而能關心每個人.說真的我們以她為榮.在這即將高中畢業的時刻我們僅以萬分虔誠的求神祝福她.以她的所長和興趣.對社會有所貢獻.為中國人增光. Alice - 我們心愛的. 她和努力才會達到你所企望的前途.更能進入一所理想的大學.

And sorry I could not travel both
And be one traveler, long I stood
And looked down one as far as I could
To where it bent in the undergrowth;

Then took the other, just as fair,
And having perhaps the better claim....

I shall be telling this with a sigh
Somewhere ages and ages hence;
Two roads diverged in a wood, and I --
I took the one less traveled by,
And that has made all the difference."

YEARBOOK

alias: the Underground

The yearbook staff has run wild trying to put this book together. We have taken incriminating photographs of uniform violations, eavesdropped on whispered conversations of exciting capers, and suffered through seemingly endless hours of torturous work. Our most aggravating experience, however, stemmed from being locked out of our workroom everyday by the "little man with the keys."

Dear Holli,
 ups, downs, guy troubles, friend troubles, i
 understanding, disagreeing, and if we've survived two
 made it through it all. — and chicken pox. We've
 and a half the years of the most fantastic friendship
 with all the good and bad friends. When I think
 will definitely be there for me like I have someone
 about you, I feel loved for and friends. When I think
 who will be there for me like I have someone
 for, and someone who I always want to be
 there for. I'll miss you this summer
 while we're in different parts of
 the world, but I'll be there for you
 when you get back for there of
 sexy seventeenth. I love your
 you,
 always your friend,
 Sonya

WALLS

Dear Hol, 'olli, Holli,
Gosh, I've known you for
so long, it's amazing how
much you've changed. From

sliding down the pool furniture into
the pool on a Twister, to suffering
from Mme Krertez's wrath, to
being finally seniors! Wow! -we've
grown up. -but we still have far
to go!! It's going to be hard to
graduate and then start over again,
but I think we'll make it. Next
year, maybe we'll have more classes
together and I won't transfer out.
Well, enough for yearbook sentimentality.

I love you very much!
lov,

Bonnie

Holli:- here I am the

this. Thank you for always being
here, love,
Kris

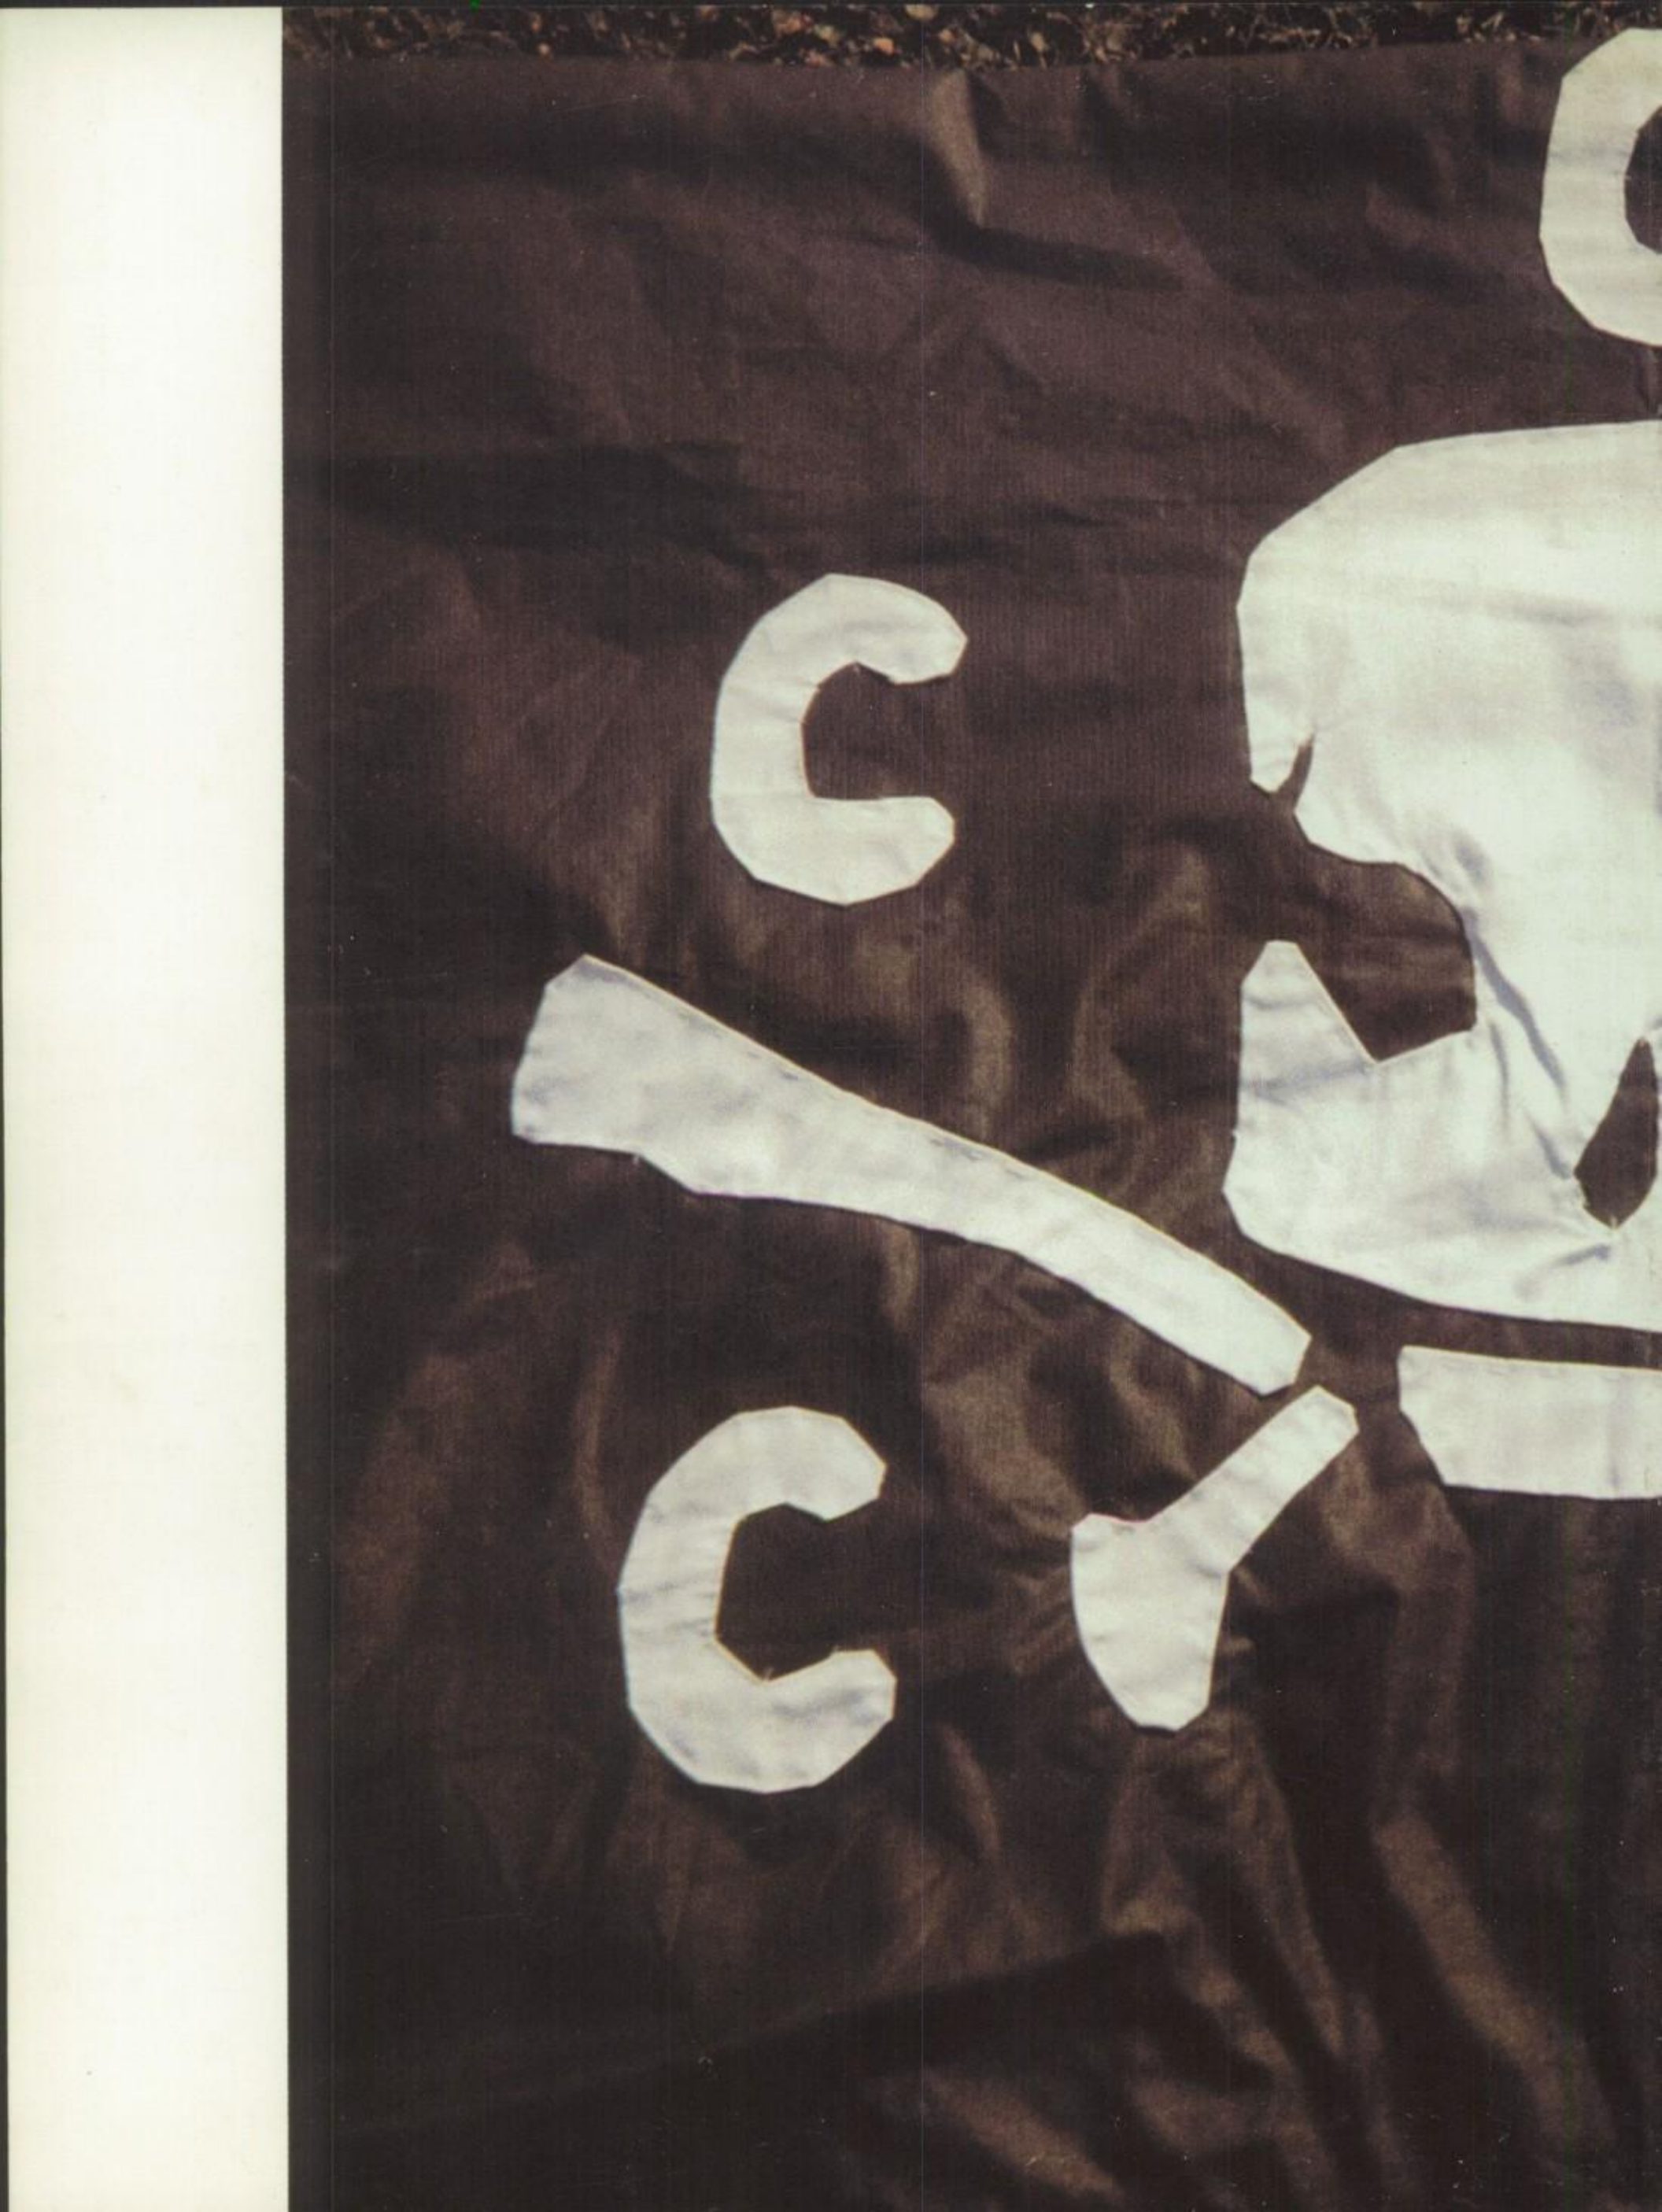

Holli - I'm ~~very~~ very happy and ~~so~~ thrilled
that you asked me to ring you. It feels like
we have become better friends since we were
in psychology. You're a special person who
is sincere and honest and caring. It's important
to me to have friends who have those qualities.
Take care, ~~so~~ work hard, and enjoy yourself next
year & wherever you go!

P.S. I would love to visit you in San Diego!
